The School Advisory Council (SAC) is the principal consultative body to the Principal and the Pastor, and as such, exists to offer advice in certain matters of school development, but does not make administrative decisions. The SAC is called to a positive, forward-looking model of discussion intended to help the school realize ongoing goals and objectives that enhance student learning and character formation.

1. Why are you interested in serving on SAC?

2. For how long and in what ways have you been involved in Presentation School and/or Parish?

3. What background, skills or gifts do you have that will enhance the work of SAC?

4. What goals or areas of focus would you recommend for the SAC in the next three years?

5. Are you willing to commit to a three year term?
